

CORE VALUES

The remarkable performance, over a span of ten years, is significantly manifested by our adherence to the Core Values by which we are strongly bounded.

- **Contributing to National Development:**

The Institute is preparing the students for socio-economic responsibilities. It is focusing on capacity building of the professionals and human resource development thereby contributing towards National Development.

- **Fostering Global Competencies among students:**

It is the practice of the Institute to carry out Skill based trainings wherein students are acquiring attributes and competencies to work in global environment. The Student centric Teaching-Learning process at the Institute is assisting to make the outcomes more evident.

- **Inculcating a Value System among students:**

The Exposure to life skills and experiential learning, extension activities, sports activities, and cultural activities is helping the students to inculcate Values among them.

- **Promoting the Use of Technology:**

The Institute is promoting the Use of Technology through innovative teaching learning, Online courses, NPTEL, ICT based methodologies thereby increasing the technical quotient of students.

- **Quest for Excellence:**

The Institute pursues best practices, procedures and methodologies in teaching learning and keep alive the Quest for Excellence through standard operating procedures.
